

THE SEPTENARY

The 49 cosmic worlds are divided into seven series of seven worlds in each series. The division into septenaries is due to the fact that the three aspects of existence can be combined in seven different ways as shown below.

The table makes it easier to analyze the composition of matter, the relationships of the aspects, the seven types and departments.

1	1	2	3
2	1	2	3
3	1	2	3
4	1	2	3
5	1	2	3
